

Health care disputes interfere with promoting wellness and treating patients.

AHLA's Dispute Resolution Service helps keep the industry's focus where it needs to be.

AHLA Dispute Resolution Service
Fast. Fair. Final.

ARBITRATION. Rely on arbitrators with the expertise you need, and rules that ensure claims are resolved quickly, inexpensively, and fairly.

MEDIATION. Consider mediating early, even before a legal claim has been filed. In mediation, a skilled neutral helps parties negotiate an agreement. The costs, time, and friction associated with the process are far less than litigation or arbitration. Plus, it produces better results because the parties retain control over the outcome.
